DETAILED ACTION

The following is a response to the amendment received on December 13, 2005, which has been entered.

Response to Amendment

Claims 23-36 are pending in the application. Claims 1-22 have been cancelled.

-The 102(a) rejection of claims 1-21 has been withdrawn due to applicant canceling these claims.

-Claim 23 was indicated as having allowable subject matter and amended by applicant into an independent claim.

Allowable Subject Matter

Claims 23-36 are allowed. The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose or render obvious a motivation to provide for:

-a differential carrier housing having a first, second and third forward opening and a rear opening wherein the third forward opening allows insertion of a piston, the second forward opening allows insertion of bearings for supporting one end of a pinion shaft and having a diameter about equal to a bearing cup and a radially extending flange configured for connection to an axle housing and in combination with all the remaining limitations of claim 23.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
